

▲ Launceston General Hospital, redevelopment

▲ Bellerive Oval, international standard sports lighting

▲ Queenstown Link and CFC, office refurbishment

JMG's Electrical Team provides design and advisory services to clients in commercial property, industry, municipal, institutional, recreational, healthcare and many other market sectors.

We offer skills and expertise in the traditional disciplines of lighting and power design, power supply and distribution, data, communications, access control and security. We also offer specialist expertise in related areas such as specialist lighting design, lifts, data centres, fire detection, EWIS comms systems, SCADA telemetry systems, contestable energy market and audio visual support services.

We have worked with architects and directly with clients for over 40 years to deliver some of Tasmania's landmark electrical projects:

- > Incat shipbuilding facilities;
- > Bellerive Oval lighting;
- > Bellerive Oval TV and radio broadcast systems;
- > Techno Park School of Aluminium welding;
- > ABC radio and TV studio;
- > Transend data centre;
- > Vodafone call centre, Kingston;
- > Launceston General Hospital.

Chris Holloway  
Principal

Chris Holloway heads JMG's Electrical Team.
